kebony®

Zukunft ist aus
diesem Holz

Referenzen

Kebony ist hochwertiges Echtholz, von führenden Architekten empfohlen. Es ist nachhaltig, dauerhaft und benötigt keine zusätzliche Behandlung außer normaler Reinigung. Das Holz ist besonders langlebig und bestens geeignet für Terrassen-, Bodenbelag und Fassade. Auf Kebony gibt es 30 Jahre Garantie.

Arūnas Liola, Architect at Arches:
„Jedes Mal, wenn wir Kebony einsetzen, lernen wir mehr über die vielfältigen Möglichkeiten. Für unsere Entwürfe ist es das perfekte nachhaltige Material. Am Ende steht immer ein beeindruckendes Gebäude mit einem auffallenden und trotzdem natürlichen Aussehen."

Einführung ..... 04 – 05
Valley Villa / Arches ..... 06 – 07
Slussplan Park / Mandaworks 08
Norwegian Institute for Nature Research (NINA) / Pir II 09
Rabothytta Mountain Cabin / Jarmund/Vigsnæs 10
Residential Home in Graz / Mareiner Holz 11
KREOD Pavillion / Chun Qing Li 12
Eagle View Safari Camp / Basecamp Explorer 13

Residential Home in Palo Alto / Fernau & Hartman Architects 48
Room Divider / Edward Collinson Design 49
Boathouse / TYIN Tegnestue ..... 50 – 51
Residential Home in London / David Stanley Architects 52
Residential Home „Secret Garden" / ARK-NET 53
Oversized Furniture / The Edible Bus Stop 54
Credits & Thanks 55

Nach 3 Jahren – verwittert

Die Kebony. Technologie verleiht dem Holz die dunkelbraune Farbe. Durch Sonne und Regen entwickelt das Holz mit der Zeit eine natürliche silbergraue Patina. Die braune Farbe kann mit UV-Schutz-Ölen erhalten bleiben.

Kebony ist ein natürliches Holzprodukt. Das Aussehen, gerade im Außeneinsatz, wird daher über den gesamten Zeitraum hinweg von den jeweiligen örtlichen Witterungsbedingungen beeinflusst.

Nach 3 Jahren – verwittert

Die Holzfarbe und wie sich diese mit der Zeit entwickelt, variiert. Durch den natürlichen Verwitterungsprozess entstehende Farbveränderungen und Oberflächenrisse unterstreichen die Natürlichkeit des Materials.

Der Hersteller haftet nicht für derartige Variationen in Farbe und Oberflächenbeschaffenheit. Diese haben keine Auswirkung auf die Dauerhaftigkeit und die generellen Eigenschaften des Produkts.
